

مؤتمر البحر المتوسط للنفط

MEDITERRANEAN PETROLEUM  
CONFERENCE AND EXHIBITION

كتاب الأبحاث  
**PROCEEDINGS**

**1992**

22-19 / أي النار - طرابلس، الجماهيرية

JANUARY 19-22, TRIPOLI, LIBYA (G.S.P.L.A.J.)

**OIL INDUSTRY PROSPECTS - YEAR 2000**

جامعة الفاتح

AL-FATAH UNIVERSITY

المنظمة العالمية للطاقة

INTERNATIONAL ENERGY FOUNDATION

## TABLE OF CONTENTS

NAME	TITLE	PAGE
M.J. Economides	The Engineering of Reservoir Stimulation	1 - 56
Md. Amanullah, M.R. Marsden H.F. Shaw	Mechanical Assessment of Drilling Mud Systems	57 - 69
M.S. Bizanti	Diamond Bit Fluid Dynamics	70 - 79
A. Ansari J. Safaie B. Tahmasebi	Gas Injection Repressuring of a Depleted Highly Fractured Reservoir	80 - 102
A.Arafa H.A. Tagher A. Zangaglia	Periodic Underwater Inspection of Oil-Related Offshore Structures.	103 - 112
R. Bacher	Sidetracking from Cased Holes	113 - 122
A. Bersani G. Ghelardoni O. Meazza S. Nardon C. Venturini	Bouri Field: Rock Fabric, Petrophysical Parameters and Log Relationships in the Metlaoui Nummulitic Limestone	123 - 134
A. Bouhroum	Effect of Heterogeneity on Hydrodynamic Dispersion	135 - 145
A. Bouhroum	Use of Coated Pipes in the Natural Gas Industry	146 - 156
J.F. Chernyk	Horizontal Drilling in The Keg River Carbonate Reefs	157 - 164
M. Cigni U. Gragnani A. Muttoni	Early Location and Evaluation of Water Entries in Producing Wells by Oxygen Activation	165 - 177
W.A. Dewenter	Reliable Wettability Measurements for Better Recovery Prediction	178 - 187
Fawzi A. Elfaghi	Evaluation of Bit Hydraulics using a Computer Model.	188 - 198
N.A.F. El-Khatib	Some Aspects of the Flow of Non-Newtonian Fluids through Porous Media.	199 - 208

C.O. Emenike	Oil Field Corrosion: Safety and Environmental implications.	209	- 230
L. Tufan Erdogan Franz Schmidt	Basin Modelling Approach to the Geological Evolution of the Iskenderun Bay of Turkey, Eastern Mediterranean Sea.	231	- 240
E. Geutebrueck Roy Scott	TERRASCAN a New Geophysical Tool.	241	- 248
S.Y. Gajam A. El-Amari	Metallurgical Analysis of Failure of the Gas/Condensation Line.	249	- 262
G.M. Haase	As Sarah Oilfield S.E. Sirte Basin. Part I: Reservoir Geology - A Case Study	272	- 278
D. T. Gochenour	The Challenges facing OPEC's Re-Integration into the Downstream.	263	- 271
G.M. Hamada	Determination of Rheological Properties of Polymer Solutions Sandpacks.	279	- 291
Almatz B. Hassouba Zarif El-Sissi	Oil Potentiality of Alamein Dolomite, Razzak Field, Western Desert of Egypt	292	- 304
I.A.H. Ismail	OPEC Exploration Activities in the 1980s and Their Future Implications.	305	- 314
V.K. Kapoor H.B. Goyal Mohan Lal	Catalytic Reformer Upset and Trouble Shooting: A Case Study.	315	- 333
Rudolf Korinek N. Philippovich	Determination of Oil Saturation for a Polymer Pilot Project	334	- 343
Zdenko Kristafor Miroslav Golub Davorin Matanovic	What else about sizing accumulator Volume of BOP Control Systems.	344	- 349
Armin K. Kuhme	3D Seismic and Horizontal Wells	350	- 356
T.A. Lawless H.M. Bourne	Experimental and Theoretical Investigations into Multi-functional Squeeze Technology	357	- 366

J. Masmonteil E. Touboul J. Robert C. Chavanne H. Perthuis	A Computerized Methodology For Matrix Treatment Design	367 - 381
Walid Massoudi Iftikhar Ahmad	Chemical Demulsification of produced Crude Oil Emulsions	382 - 392
Antonino Merlo	Modelling For Drilling Fluids Hydraulics	393 - 413
W.M. Aly Meshref	Basins Evolution in Northern Egypt	414 - 434
A. Mongini P.L. Puntri	Horizontal Wells in Bouri Field After Two Years of Production: Studies and Field Results	435 - 443
Victor Negoita	Well Logging Use for a Better Understanding of Hydrocarbon Generation, Migration and Accumulation.	444 - 458
M. Nasar H. Belhaj	Determination of Pore Pressure and Fracture Gradients in Eastern Sirte Basin Area.	459 - 467
Ahmed Ouenes I. Bahralolom Allan Gutjahr Robert Lee	A New Method for Predicting Field Permeability Distribution	468 - 477
Daniel P.O'Brien	Emergency Response Scenarios and Means of Evacuation.	478 - 492
E.P. Ofoh	Exploration and Production Models for the Niger Delta	493 - 504
O. Omole A.O. Igbokoyi	Methods for Analysing Wellbore Storage Distorted Pressure Buildup Data.	505 - 516
L.E. Palmer	The Use of Drag Reducing Agents to Increase the Operating Capacity of Crude Oil and Fuels Pipelines.	517 - 523
Fariborz Rashidi Mandana Rezaie	Environment and Petroleum Industry: State of the Art.	524 - 527
Gerhart Rauth	Evaluation of Directional Permeabilities in a Polymer Pilot-Flood Area by Pulse Testing	528 - 543

R. Rommetveit	Proper use of PVT-Data improves well control during kicks in oil based drilling fluids.	544 - 555
D.M. Rowe	Thermoelectric Conversion of Waste Heat from Redundant Oil Wells	556 - 563
P. Ruffo V. Scola	An application of Geostatistical Simulation to probability estimation of Prospects Geometry	564 - 573
K.A. Sackmaier	As Sarah Oilfield S.E. Sirte Basin. Part II: Production Technology and Field Development	574 - 582
Fatmir Shehu Xhemil Hoxha	Occurrence of High Abnormal Pressure Formations in the Peri-Adriatic Structures of Albania	583 - 589
S. Stryczek W. Brylicki J. Balasz J. Sztorc	Practical Aspects of the Utilization of New, Alkali Activated Slag Materials as Sealing Agent in Drilling Operations.	590 - 595
S. Stryczek W. Brylicki	The Properties of Alkali - Activated Slags Used in Borehole Cementing Works.	596 - 604
I.Y. Tantawi S.M. Ghazaly	Hole Instability in GUPCO Western Desert Fields.	605 - 623
Shrikant Tiwari	How Safe is Making Flow Check For Kick Detection.	624 - 633
E.H.Vefring R. Rommetveit	Simulation of a High Pressure, High Temperature Gas Kick Using the RF Kick Simulator, a New Generation Tool for Well Control Engineering.	634 - 639
M.R. Abou-Zeid M.W. Abbas H.A. Bashir	Exploratory Uses of Factor Analysis Technique in Offshore Projects.	640 - 648
