TABLE OF CONTENTS

Paper Code	Paper Title	Page
MPC2004-032	Immiscible Carbon Dioxide Flooding Performance of Bati Raman Heavy Oil Field, <i>Ahmet Kose, Waha Oil Company, Libya</i>	1
MPC2004-003	Co-Cracking of Mixed C4's with Naphta in Ras Lanuf Ethylene Plant Libya Real Plant Data Evaluation, <i>Ahmed M. Eltayef, Ras Lanuf Oil and Gas Processing Company (RASCO), Libya.</i>	14
MPC2004-005	Environmental and Performance Advantages of Synthetic Drilling Muds, <i>Iftikhar Ahmed, Mohamed Nuri Rahuma & Abdel Meneim El Darnawi, Jowfe Oil Technology, Libya</i>	24
MPC2004-006	Natural Gas: A Preferable Energy Source for the Third Millennium, <i>Iftikhar Ahmad & Mufath Zughaid, Jowef Oil Technology, Libya.</i>	32
MPC2004-010	Naturally Occuring Radioactive Materials (Norm) in the Oil and Gas Industry and Their Methods of Disposal, <i>Iftikhar Ahmed and Ramadan Anwar, Jowfe Oil Technology, Libya.</i>	44
MPC2004-013	Effect of the Complex Mineralogy on the Conventional Log Readings in the Southern Acacus Tunisia Sandstone Reservoir, <i>Abdelkerim Rahmani, Lotfi El Ghezal, Taoufik Boufares, Entreprise Tunisienne d'Activites Petrolieres, Tunisia</i>	53
MPC2004-016	Predictive Corrosion and Failure Control In Petroleum Industry, <i>Mahmoud Gamil, ENPPI Engineering for Petroleum and Process Industries, Egypt.</i>	65
MPC2004-020	Effect of Low Temperature Oxidation on the Composition of Oxidized Light Crude Oils, <i>Mohamed El Murabit, M. Greaves and R. Rathbone, University of Bath U.K.</i>	83
MPC2004-022	Modern Water Management for Mature Oilfields, <i>Reinhard Bacher and Nikolaus Philippovich, OMV-AG , Austria.</i>	111
MPC2004-023	Laboratory Screening of North Sea Light Oil Reservoir for Air Injection Using Accelerated Rate Calorimetry, <i>F. Shnaib, M. Greaves and R. R. Rathbone, University of Bath, U. K.</i>	121
MPC2004-024	Instrumentation for Calibration of Gamma Ray (GR) Logging Tools Via the RS232 Serial Link, <i>K. Benaissa, S. Rouibia, Institut Algerien du Petrole, Algeria.</i>	141
MPC2004-025	Multiphase Pumping- Boosting the Total Well Production, <i>Dietrich Müller-Link SPE.</i>	146
MPC2004-026	Applied Fuzzy Logic to Predict Lithofacies and Permeability Over the Triassic Reservoir TAGI, in Berkine Basin, Algeria, <i>Mohamed Boudjatit & D. Achache, Algeria.</i>	154
MPC2004-027	Underbalanced Drilling: Remedy for Formation Damaged Lost Circulation & Other Related Conventional Drilling Problems, <i>Hani Qutob, Weatherford Libya Limited, Libya.</i>	164

Paper Code	Paper Title	Page
MPC2004-028	How Underbalanced Drilling Technology Can Add Reserves and Enhance Ultimate Recovery, <i>Hani Qutob, Weatherford Libya Limited, Libya</i>	178
MPC2004-029	Nuclear Magnetic Resonance Log Evaluation of Low-Resistivity Reservoirs, <i>Gharib Hamada, Cairo University, Egypt.</i>	185
MPC2004-033	Application of a Pilot Test: Drilling Cuttings Depollution test through a biotechnological process: an Alternative in the Field of Rehabilitation of Soils polluted by Hydrocarbons, <i>Chafia Dali, Said Doudah and Amina Benkhara, Sonatrach.</i>	192
MPC2004-034	Optimal Solution of Maintenance Problem in South Oil Company Workshop, <i>Mohsen S. Chiad and A.K.F. Hassan, Basrah University, Iraq, and Talha S.Rasheed, Higher Institute of Trainers Preparing, Libya.</i>	200
MPC2004-038	A New Energy Pricing Model, <i>Rafiq Islam and G.M. Zatzman, Dalhousie University, Canada</i>	210
MPC2004-040	A Zero-Waste Oil and Gas Production Scheme, <i>N. Bjorndalen, University of Alberta and Rafiq Islam, S. Mustafiz and M.H. Rahman, Dalhousie University, Canada.</i>	227
MPC2004-042	A New Curriculum for Education and Training in the Energy Sector, <i>Rafiq Islam and G.M. Zatzman, Dalhousie University, Canada.</i>	239
MPC2004-043	Numerical and Experimental Study of Double Diffusive Phenomena Under Microwave Irradiation, <i>N. Bjorndalen, University of Alberta , K. R. Agha, H. Belhaj and M. R. Islam Dalhousie University, Canada.</i>	260
MPC2004-045	Methyl Tertiary Butyl Ether (MTBE) and Compares with Other Octance Enhancing Oxygenates, <i>Abeer Abud El Kader, RAS Lanuf Oil & Gas Processing Co., Libya</i>	273
MPC2004-049	Sedimentological Analysis of Lower Turonian Sequences in Concession NC 152, NE Libya, <i>Abuessaoud H. Addalouh, Garyounis University and Haney J. Daniels and A..M.Muftah, Arabian Gulf Oil, Libya.</i>	285
MPC2004-051	Transport & Energy Issues for Sustainable Development of Africa, <i>S.P. Bindra, Professor & Senior Consultant/Advisor and Ramadan Deif, Al Khoms University, Libya.</i>	291
MPC2004-052	Towards Sustainable Energy: After Johannesburg World Summit, <i>S.P. Bindra, Professor & Senior Consultant/Advisor</i>	310
MPC2004-054	Reservoir Characterization Using Advanced Producing-logging Techniques and Modified Isochronal Test led to Enhanced Production from a Horizontal Gas Well, Schlumberger Overseas S. A, <i>Viany and K. Mishra, Schlumberger, Libya and, A. Mishherghi, Fathi Issa and Hassan Nofel, Sirte Oil Co., Libya.</i>	321

Paper Code	Paper Title	Page
MPC2004-036	Neural Network Modeling Approach for Determination of Miscibility Conditions, <i>Ghazwan, N. S. Jreou, SPE Member and Talhah S. Rasheed, Higher Institute of Preparing Trainers , Libya</i>	460
MPC2004-050	Experimental Study of the Effect of Anode to Cathode Surface Area on Corrosion Rate of Steel Coupled With Copper in Seawater, <i>Dr. Belied Saleh Kuwairi, Garyounis University, Libya</i>	467
MPC2004-055	Successful New Technology Introduction and Applications of Rotary Steerable System, <i>Mohammed Ibrahim, Schlumberger and Nicola Decol, Agip Gas</i>	480
MPC2004-071	Behavior of oil spill in the marine environment (the role of evaporation), <i>Miloud A. Alarabi and Fouad S. Rashed, Al-Fateh University, Libya</i>	487
MPC2004-076	Electrical resistivity Model of Spherical Layers and its application for clean, strongly water wet, highly saturated sand in Ghadames Basin, <i>Dr. Gábor Szigeti, Petroleum Research Centre, Libya</i>	494
MPC2004-075	Butyl Acrylate Synthesis via Reactive Distillation, <i>M. M. Elgarni and J. Rashedl and H. Shawesh, Petroleum Research Center, Libya.</i>	506
